## ON AGRICULTURAL PROFITS

Lisbon, January 30.—(Special.)—The Central Farmers' institute did not get well under way until the session of yesterday afternoon for the opening of which the court room was crowded. All the available seating space was occupied, with many standing around the doors. A Lisbon male quartet opened the session with a song, after which prayer was offered by Rev. J. S. Scrist of the M. E. church.

C. R. Wagner, the state lecturer, who is from Hancock county instead of Franklin county as was at first announced, was the first speaker, his topic being "Live Stock Essential to the Highest Type of Agriculture." Mr. Wagner argued that stock manure is necessary to maintain soil fertility, although he said commercial fertilizers are all right in their way. He said the young men of today who establish a home to be supported by the cultivation of a few acres faces the problem of exhausted fertility concerning which his elders knew nothing. In concluding his remarks, which assumed a somewhat general scope, Mr. Wagner said that the day had passed when the farmer worked so many hours a day, as was the custom not many generations ago.

A recitation by Miss Fay Raley, of Signal, on "Susan Warren's Top Buggy" was well rendered and received the closest attention.

Dr. T. B. Marquis, of Lisbon, read an instructive paper on "Matters Medical, Hygienic and Otherwise of Interest to the Farmer, His Wife and to Humanity Generally." Dr. Marquis' paper contained many valuable hints for maintaining hygienic conditions in the home. He concluded by saying that he believed the time would soon be at hand when consumptives will be treated in all seasons by sleeping in well ventilated tents.

The Gilden sisters, three little girls from the Nellie Long silk company that stranded here a short time ago, delighted the audience with some of their songs and specialties, after which State Lecturer J. ## INMATES IN PERIL IN BURNING HOSPITAL

George Conrad, His Wife And Her Sister Narrowly Escaped With Their Lives.

Word was received by relatives in this city yesterday to the effect that the Riverside hotel at Elyria had burned on Wednesday evening and the inmates barely escaped with their lives. The hotel was owned and operated by George Conrad, well known in this city, and with his wife and sister-in-law, Miss Alice Burrows, of this city, had a narrow escape from death.

The origin of the fire is a mystery, and the building was a total loss. Mr. Conrad had been in business at Elyria for about five years and has prospered until the fire occurred. The loss will reach fully \$6,000, with but \$1,000 insurance.

The entire building was enveloped in flames before the inmates were aware of its presence, and Miss Burrows was unable to secure any of her clothing, being compelled to run for her life. The women sought refuge in the Lake Shore depot and were later provided with clothing by the residents of the neighborhood.

## FOOD INSPECTOR FILES A REPORT

Has Toured Eastern Ohio and Found Alleged Violations of the Statutes.

## BLOW AT THIRD TERMERS

From a Staff Correspondent.

Columbus, January 30.—C. M. Shaffer, inspector in the state dairy and food commissioner's department, has returned from a trip to East Liverpool, Youngstown and Mingo Junction, where he went to investigate alleged violations of the pure food laws. As a result of his discoveries in East Liverpool some of the merchants of that city may be compelled to face a charge of selling adulterated maple syrup. He tested samples of syrup found to be adulterated. He also found adulterated maple syrup at Mingo Junction and at Youngstown samples of milk showed dilution with water. Some months ago the dairy and food commissioner issued a warning to merchants against purchasing and offering for sale certain brands of maple syrup suspected of being adulterated and because due notice was given the tendency may not be to deal leniently with violators. The cases investigated are in process of development and until they are settled there will be many who will occupy an uneasy seat.

It is alleged in the petition that council proceeded with the improvement without taking the necessary steps to give them the right to do so and that they entered into a contract with John and Thomas McLaughlin without advertising for bids and that said contract was at an exorbitant price to the damage of the defendants.

It is also alleged that the assessing ordinance was passed to reimburse the treasury for funds paid out by the city to the contractors and for no other purpose; that the forty-nine-fifths of the entire improvement sought to be assessed against the plaintiffs is in excess of the special benefits conferred upon the property.

One of the most important allegations is that the assessments were not made according to benefits, but arbitrarily and without basis. The plaintiffs claim also that the entire city of East Liverpool is benefited to a much greater extent than the property of the plaintiffs.

The other allegations will be noted in the body of the petition which is given herewith in full:

In the court of Common Pleas, Columbiana County, Ohio.

Thomas Harsha, on behalf of himself and of all other persons whose property is assessed for the improvement of Pennsylvania avenue in the city of East Liverpool, O., plaintiff, versus the City of East Liverpool, O., defendant, petition.

Plaintiff is the owner of Lot No. 2286 in the city of East Liverpool, O., and the council of defendant passed an ordinance assessing his said lot and many other pieces of property in said city for the improvement of Pennsylvania avenue. All as hereinafter stated, and plaintiff brings this action for himself and on behalf of all other persons whose property has been attempted to be assessed by said assessing ordinance for the improvement of said avenue in the city of East Liverpool, O., and who may come in and seek relief herein and says:

That the questions which are the subject of this action are questions of common and general interest to all persons whose property has been assessed by said ordinance for the improvement of said avenue; that said persons are very numerous and it is therefore impracticable to bring them all before the court as plaintiffs.

Plaintiff says that the council of the defendant without taking the steps necessary to give them the right to the exercises of authority to do so and without taking the steps necessary to give them jurisdiction to do so, on or about the 26th day of February, A. D. 1901, entered into a contract with John and Thomas McLaughlin for the paving by the latter of the roadway of Pennsylvania avenue in the city of East Liverpool, O., with hard burned fire brick set on their edges; that the estimated cost of said work was more than \$5,000, yet said alleged contract was entered into without the defendant or its officers or its

## WILL BE THE TEST

Of the Validity of the Pennsylvania Avenue Assessments and the Right of Council to Impose the Cost on the East End.

The most important of any of the litigation growing out of the improvement of Pennsylvania avenue and the plan to assess the cost against the property owners of the East End has been commenced in the common pleas court. The petition was filed at Lisbon yesterday afternoon. Thomas Harsha is nominally the plaintiff, but states in his petition that the questions at issue are of common and general interest to all persons whose property has been assessed by the ordinance for the improvement of the avenue and that they are so numerous to make it impracticable to bring them all before the court as plaintiffs. This means that the suit is to be a test and that all the property owners of the East End are plaintiffs against the city without being named as individuals.

On the completion of said improvement the city of East Liverpool paid the contractors for the same; that more than a year after the completion of said improvement, towit: On the 17th day of November, A. D. 1903, the council of said city passed an ordinance, called by it an "assessing ordinance," assessing the said land of plaintiff herein and many other tracts of land in said city; that said assessing ordinance was passed to reimburse the treasury for the general revenue which had been paid out by said city to pay said contractors for said improvement and for no other purpose; that by said ordinance the said defendant attempted to assess upon plaintiff's property and the property of those in whose behalf he sues in this case, forty-nine-fifths of the entire cost of said improvement which had theretofore been paid by said city as before stated; that said forty-nine-fifths

er the responsibility if the owners do not comply with the law.

One section of the law reads: "It shall be the duty of the mayor, with the aid of the police, or the prosecuting attorney with the aid of the sheriff, to see that the provisions of this act are strictly enforced." Another section, which throws the entire responsibility on the mayor, reads: "It shall be the duty of the mayor, with the aid of the police, or the prosecuting attorney, with the aid of the sheriff, upon receiving notification, to prohibit the use of such buildings for the assemblage of people until the necessary changes, alterations and additions have been made and the inspector's certificate has been issued."

At this meeting the mayor will read the law to the gentlemen and instruct them that he will be compelled to close every building immediately that does not meet the requirements. The law distinctly says that no building can be opened to the public unless its owner or management has received a license, and this license can not be issued until the buildings will undergo a favorable inspection. There are new buildings in the city that conform with the requirements. As it is up to the mayor to issue the license he has determined that he will not

of a quicker merger of lines than had been thought previously possible. There is some talk of including the Pomeroy syndicate roads, or the Cleveland Southwestern Traction company with the Mandelbaum roads, and the construction of a line more directly down the state running from Cleveland to Wooster and from there to Mansfield, where connection would be made with the Webb line running into Delaware and Columbus. Connection would be made at Columbus with the Columbus, London & Springfield, and there with the Springfield, Dayton & Xenia. That, with the Cincinnati, Dayton & Toledo, would give a line into Cincinnati.

The Appleyards, at present, are owners of a road from Lebanon through Dayton and Springfield, and have close connection with a line running between Springfield and Columbus. Their roads also extend directly east to Columbus, as far as Newark. The intention is to build from Lebanon, a road which has been knocked out by Cincinnati capitalists, into Cincinnati. That will give a line from Cincinnati through Dayton to Springfield, and there with the Springfield, Dayton & Xenia. That, with the Cincinnati, Dayton & Toledo, would give a line into Cincinnati.

The capitalization of the company, at present only \$10,000, is purely nominal. It is understood that before any definite work of construction is done, or consolidation effected with existing lines, the capitalization will be increased to \$15,000,000.

The Appleyard syndicate, which is back of this scheme, has its headquarters in Boston, and branch offices in Cleveland and Cincinnati. It has been the instigator of most of the projects which have had across-the-state aspirations. Last summer, when the line between Cincinnati and Toledo was abandoned, it was understood that the action was merely temporary, and would be taken up as soon as financial conditions were favorable. A better feeling in the money market gives hope of a market for consolidation securities, upon which the Appleyard syndicate hopes to find opportunities to market its stock.

The Appleyards at various times have also contemplated this part of the construction. The Cincinnati, Dayton & Toledo Traction company runs from Cincinnati through Hamilton and Butler to Dayton, with branches into Darke and Preble counties. The Western Ohio Traction company, which is owned by the Mandelbaum syndicate, of Cleveland, has been projected south from Lima to Dayton, running through Shelby and Miami counties.

From Lima entrance to Toledo will be made over the Toledo, Springfield & Cincinnati, projected road, or over the Toledo, Bowling Green & Southern, which is in operation from Findlay to Toledo, with a projection to Lima.

Extensive maps have been prepared, showing the population which would be included in the route traversed by this road, the cities alone aggregating half a million. The recent safe of the Cincinnati, Dayton & Toledo to Cincinnati parties, seemingly taking out of the hands of the people in Cleveland

who were interested in it, seemed to put an end to across the state projects, but it now develops that the transfer of ownership was merely in the inter-

Mayor Weaver yesterday received word from J. H. Mr. Morgan cited a provision of the law which holds the mayor personally responsible for the enforcement of the act and as a result the chief executive this morning ordered the management of the local opera house and all other public buildings which have not been equipped to conform with the law to appear before him this afternoon.

At this meeting the mayor will read the law to the gentlemen and instruct them that he will be compelled to close every building immediately that does not meet the requirements. Promptly at the appointed time all of them appeared and they say that no six scholars ever got a worse rebuke. It was made clear to all that if such conduct is ever carried on again that they will be turned out permanently and that the law will be invoked to punish them. The superintendent was very earnest in his censure and explained to the children the gravity of their act. He finally consented to allow them to once more take up their studies, but not until each had promised to reform.

It developed today that there were only seven scholars dismissed for participating in the disgraceful conduct, and one of them, a prominent young girl, was allowed to return to school the next day. The others consisted of four girls and two boys. It is said that one of the boys cleared the girl who was vindicated by swearing that she was not implicated.

## A BIG COMBINE OF STREET RAILWAYS

Consolidation of Traction Lines  
Radiating All Over  
the State.

## THE APPLEYARDS' PLANS

Cleveland, January 30.—Advices from Columbus yesterday announce the formation of a corporation known as the Ohio Union Traction company, of Columbus, with a nominal capital of \$10,000. The incorporators are Richard Emery, W. A. Morgan, Harry L. Dowd, George E. Thomas, and Otto F. Ehring.

Subsequent announcements from the same source were that the intentions were to complete the consolidation of traction lines, giving through service between Cincinnati, Columbus and Cleveland. It is said that the project is backed by the Appleyard syndicate, of Boston, which has been operating in various parts of the state since the traction movement started.

The Appleyards, at present, are owners of a road from Lebanon through Dayton and Springfield, and have close connection with a line running between Springfield and Columbus. Their roads also extend directly east to Columbus, as far as Newark. The intention is to build from Lebanon, a road which has been knocked out by Cincinnati capitalists, into Cincinnati. That will give a line from Cincinnati through Dayton to Springfield, from whence the course will be directly east to Newark, where a line is projected to New Philadelphia, at which point connection is made with the Northern Ohio Traction company, which will carry the road on to Canton, Akron, and Cleveland, the Northern Traction and Light company at present having a line into this city.

The construction of the road between Cincinnati and Toledo is more complex. Several plans have been formed in the past for such a line, one of which was backed by the Mandelbaum syndicate, of Cleveland, aided by other traction line promoters. The Appleyards at various times have also contemplated this part of the construction. The Cincinnati, Dayton & Toledo Traction company runs from Cincinnati through Hamilton and Butler to Dayton, with branches into Darke and Preble counties. The Western Ohio Traction company, which is owned by the Mandelbaum syndicate, of Cleveland, has been projected south from Lima to Dayton, running through Shelby and Miami counties.

Mr. Morgan cited a provision of the law which holds the mayor personally responsible for the enforcement of the act and as a result the chief executive this morning ordered the management of the local opera house and all other public buildings which have not been equipped to conform with the law to appear before him this afternoon.

At this meeting the mayor will read the law to the gentlemen and instruct them that he will be compelled to close every building immediately that does not meet the requirements. The law distinctly says that no building can be opened to the public unless its owner or management has received a license, and this license can not be issued until the buildings will undergo a favorable inspection. There are few buildings in the city that conform with the requirements. As it is up to the mayor to issue the license he has determined that he will not should-

Good spirits don't all come from Kentucky. Their main source is the liver—and all the fine spirits ever made in the Blue Grass State could not remedy a bad liver or the hundred-and-one ill effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Green's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over 35 years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles, 75c. At all druggists.

## HERE HE IS AGAIN!

Once more the Romoc man expounds the Theories of Health. This is What He Says:

SEE here, good people, I have only a few words to say in making my appearance again this year. If you need my advice, you probably need it badly, and it is simply this: start in with Romoc, the sooner the better, and fortify yourself against the ills that are bound to come during the next few months.

Remember that Romoc is the medicine made from a rock. There is nothing in this whole, wide world that I have ever found in my travels, or that any of you have ever seen or heard of, that will so effectually cure Rheumatism, Indigestion, Nervousness, and all Blood Troubles, and besides curing these ills, that will absolutely make you well of any of the many derangements that are a result of such affections.

I want to remind you of another fact relating to Romoc,

and that is, Romoc is Nature's own remedy. It combines all the virtues found in every one of the great mineral springs of the world. There is not a single drop of alcohol in Romoc, nor are there

any poisons or other deleterious substances, that you find the ingenuity of man adds to many so-called health-giving medicines to their detriment, and the danger of the people who use them.

## Ask for ROMOC LAXATIVE TABLETS—SURE CURE FOR CONSTIPATION.

We have investigated Romoc. We know that all that is said by the Romoc man pertaining to this wonderful remedy is true, and we will refund to anyone the price of the remedy not satisfied with the results obtained. Remember, Romoc is guaranteed and sold by

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substances. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. HAND BADLY HURT  
BY FALLING GLASS

William Flack, Bookkeeper at the East End Hardware Store, Had a Painful Accident.

William Flack, of Maple street, bookkeeper at the East End hardware store, is suffering from a very painful and serious wound to his right hand, sustained yesterday evening about 6 o'clock. A glass smoke bell, dropping from a height of several feet, struck the palm of his hand, inflicting a gash several inches long, severing several arteries.

Mr. Flack did not regard the wound as serious and instead of having a physician attend to it, went to his home where he had it bandaged. The flow of blood could not be stopped, however, the wound continuing to bleed until about 10 o'clock. This morning Mr. Flack is suffering great pain from the hurt and because of it will be unable to attend to his usual duties for a week or more.

STREET CAR EMPLOYEES  
TO INSTALL OFFICERS

No. 52 Will Hold a Big Meeting Tonight to Seat Officers For the Ensuing Year.

Local union No. 52, Amalgamated Association of Street Railway Employees, will hold a big meeting at Larkins' hall after the close of business tonight on the car lines. Last Saturday night was the appointed time for the installation of officers, but owing to the flooded condition of the tracks, making it impossible for many of the members to reach the hall, the ceremony was postponed until tonight.

**Special Services Tomorrow.**  
The services tomorrow at the Second Presbyterian church promise to be of special interest and a large attendance is looked for. Rev. Mr. Crowe has made a special effort in the preparation of his sermons and special music has been arranged. Rev. Mr. Crowe is just recovering from an attack of grip that confined him to the house for several days.

**Injured By an Explosion.**  
Albert Deitz, a United Power company employee, was injured yesterday in the plant by the explosion of a torch of gasoline which he was carrying. His face and left hand were painfully burned. He was taken to his home in the East End and is resting easily.

**To Complete Installation.**  
Pan American Court, Tribe of Ben Hur, will hold an important meeting Monday night, at which the installation of officers will be concluded. Several candidates will be advanced in the degrees.

**Will Visit Wellsville.**  
Buckeye Castle, Knights of the Golden Eagle, will visit the new Wellsville castle next Tuesday night for the purpose of initiating a number of candidates.

## DROPSY TREATED FREE

\$3.75 Worth of New and Remarkable Treatment Will Be Sent Free to Any of Our Readers As a Trial.

Dropsy is a terrible disease in its last stage. At first no disease is apparently more harmless, a little puffing of the eyelids or hands or a slight swelling of the feet, ankles or abdomen. Yet no death is more fearful. The unfortunate patient slowly drowns in the water of his own blood. He has smothering spells and often has to sit up to breathe.

Dr. Miles' specialty is diseases of the heart, liver, kidneys, nerves and dropsy. To introduce his new Dropsy Treatment he will give away \$10,000 worth. Hundreds of testimonials of the most remarkable cures will be sent on request. One gentleman was cured after having been given up by ten Grand Rapids physicians; a lady after six able Chicago doctors pronounced her case hopeless.

Mr. H. Trimmer, of Green Springs, Pa., writes: "Your Special Treatment cured Mrs. T. of serious heart disease and dropsy after many physicians had pronounced her case hopeless."

Mr. H. A. Grobe, of 504 Mountain street, Elgin, Ill., aged 72, was thought to be incurable from dropsy, which reached to his lungs and caused smothering spells, cough, shortness of breath. He reports: "Dropsy all gone; better every day."

Mr. James Pinkerton, editor of the Russellville Sun, Ind., writes: "Mrs. P. was given up by three physicians. She owes her life to Dr. Miles' skill. She now performs her household duties at 65 years of age."

Mrs. M. B. Morelan, of Rogers, O., says: "Dr. Miles saved my life by curing me of that awful disease, dropsy and heart trouble; I suffered terribly."

Miss Sophia Snowberg, of No. 291 21st avenue, Minneapolis, Minn., testifies: "Three days after commencing treatment for dropsy it was nearly all gone, after two allopathic and two homeopathic physicians had failed."

Mr. A. P. Colburn, of Blessing, Ia., writes: "Dr. Miles' treatment has performed a miracle for Mrs. C. after grip burst from dropsy."

Dr. Miles' treatment is much superior to any others and to obtain the best result it is specially prepared for each patient. Every afflicted person should send for this marvelous treatment. \$3.75 worth sent free upon request. Address Dr. Franklin Miles, 562 to 572 Main street, Elkhart, Ind.

## DROPSY TREATED FREE

\$3.75 Worth of New and Remarkable Treatment Will Be Sent Free to Any of Our Readers As a Trial.

Dropsy is a terrible disease in its last stage. At first no disease is apparently more harmless, a little puffing of the eyelids or hands or a slight swelling of the feet, ankles or abdomen. Yet no death is more fearful. The unfortunate patient slowly drowns in the water of his own blood. He has smothering spells and often has to sit up to breathe.

Dr. Miles' specialty is diseases of the heart, liver, kidneys, nerves and dropsy. To introduce his new Dropsy Treatment he will give away \$10,000 worth. Hundreds of testimonials of the most remarkable cures will be sent on request. One gentleman was cured after having been given up by ten Grand Rapids physicians; a lady after six able Chicago doctors pronounced her case hopeless.

Mr. H. Trimmer of Green Springs, Pa., writes: "Your Special Treatment cured Mrs. T. of serious heart disease and dropsy after many physicians had pronounced her case hopeless."

Mr. H. A. Grote, of 504 Mountain street, Elgin, Ill., aged 72, was thought to be incurable from dropsy, which reached to his lungs and caused smothering spells, cough, shortness of breath. He reports: "Dropsy all gone; better every way."

Mr. James Pinkerton, editor of the Russellville Sun, Ind., writes: "Mrs. P. was given up by three physicians. She owes her life to Dr. Miles' skill. She now performs her household duties at 65 years of age."

Mrs. M. B. Morelan, of Rogers, Okla., says: "Dr. Miles saved my life by curing me of that awful disease, dropsy and heart trouble; I suffered terribly."

Miss Sophia Snowberg, of No. 291 21st avenue, Minneapolis, Minn., testifies: "Three days after commencing treatment for dropsy it was nearly all gone, after two allopathic and two homeopathic physicians had failed."

Mr. A. P. Colburn, of Blessing, Ia., writes: "Dr. Miles' treatment has performed a miracle for Mrs. C. after her leg burst from dropsy."

Dr. Miles' treatment is much superior to any others and to obtain the best result it is specially prepared for each patient. Every afflicted person should send for this marvelous treatment. \$3.75 worth sent free upon request. Address Dr. Franklin Miles, 562 to 572 Main street, Elkhart, Ind. Mention this paper.

Washington county, O., for several weeks, has returned.

Mrs. Ed Parker, of St. George street, is quite sick with the grip.

Mrs. Cunningham, of High street, is quite sick with throat trouble.

W. L. Wilson has been absent from town all week on a business trip.

Fred McCann, of Ohio avenue, has recovered from an attack of grip.

George Easterday, who has been ill with the grip, is able to be out again.

G. W. Johnson, who suffered a frozen foot during the cold snap, has not recovered.

Joseph Williams, of St. George street, is confined to his home with congestion of the lungs.

Walter C. Supplee, whose illness from the grip was mentioned yesterday, is not so well today.

John Johnson, bench boss in the biscuit end at Laughlin No. 2, is confined to his home with illness.

Mrs. Mary Gill, employed as cook at Sodaker's restaurant, left today for Brilliant to be with her sister, Mrs. Rebecca McDonald, who is critically ill.

Campbell Brown, of the Larkins' grocery, is confined to his home on Railroad street with illness. Mrs. Brown, who has been very ill, is much better.

## NEW NONPAREIL CAFE

The Neininger property on Mulberry street, East End, has been purchased by M. K. Carroll, one of the best known and most popular potters in this city, and will be devoted to the service of the people as a first-class cafe. Though Mr. Carroll has been in possession for some little time, the formal opening will not be held until Saturday night, January 30, when the people of the city will be served with delicious and toothsome roast beef, oysters and fine lunch. A cordial invitation is extended to all.

When you ask for Mrs. Austin's Pan cake flour, insist upon having it and not some substitute. Say Mrs. Austin's and no other.

THE GOOD THAT IS DONE  
BY LOCAL NEWSPAPERS

An Up-to-Date Community Cannot Get Along Without a Good Home Paper.

It is to the interest of every town to support a good newspaper, not through local pride alone, but for practical business reasons. A newspaper is constantly doing ten times as much for its town as it could ever hope to get pay for—more than it could charge for it, if it would.

The more prosperous a paper is, the more it is liable to do. Show us a good paper, full of live local ads, and we will show you an up-to-date, progressive community.

Show us a community, says the Atlania Constitution, that persistently proceeds on the idea that the editor of the home paper can live on the "pi" that accumulates in the office, whose official bodies think it a waste of public money to throw him a bit of public printing occasionally at living prices, whose citizens have come to regard it as one of their inalienable rights to work him for long-winded obituary notices and "in memoriam," with three inches of hymn book poetry at the end, to say nothing about an occasional notice for entertainments, social and otherwise, and we will show you a community that is living from hand to mouth and is always on the ragged edge of adversity.

People ought to stop to think about these things. It is an important matter. It is their own good that is involved, the welfare and progress of their community, therefore of themselves.

A local newspaper is absolutely necessary to any community. No merchant, no town council or board of trade, that spends every year all it can afford with the home paper, whether that expenditure is actually necessary or not, makes a wiser, more profitable investment.

They are not "giving" the home paper something. On the contrary, it is earning every cent it gets, and more, providing it is a paper worth picking up in the road.

And if it isn't that sort of a paper, it is usually the fault of the town in which it is published.

## COUNTY AND NEIGHBORHOOD

Alfred Phillips, a prominent farmer of Knox township, Jefferson county, is dead.

William Porter, aged 52, of Uhrichsville, committed suicide by jumping into the river.

James Platt, of Hammondsburg, is under bail for selling intoxicants in a Prohibition township.

It is said Judge B. S. Ambler, of Salem, will resign his position in the spring and return home.

Triplets, two boys and a girl, were born to Mr. and Mrs. David Koons, of Alliance. The boys are doing nicely but the daughter died soon after birth.

The Johnson block, Steubenville, was visited by burglars who stole \$20 worth of clothing. Special Officer Wm. J. Peady met the burglars coming down the stairs, but supposed they were occupants of the building.

The National Glass company has leased its plant at Rochester to the Rochester tumbler works, a new corporation with a capital of \$500,000. It is said that the plant will start soon and that about 2,000 men will eventually find employment there.

## BAYARD

Bayard, January 30.—Melvin C. Shulerbarger, of Lakewood, O., is visiting his sister Emily and his parents.

Hazel B. Little, daughter of Robert Little, is at home with a bad cold.

Mrs. Eva C. McCord, who is teaching in Miss Simmer's place, is having good success.

Quite a number of Bayard people are attending church at New Franklin. Rev. Mr. Stansbury, of East Rochester, is holding protracted meetings at the M. E. church.

Charles Coldsnow and wife are the happy parents of a son.

Thursday morning the thermometer registered 12 degrees below zero.

Edgar M. Smith was calling at the home of Delbert E. Baird and faintly left me and a permanent cure has been effected. Very truly yours,

## HAPPY AND HEALTHY.

A Beautiful Canadian Girl Saved From Catarrh of the Lungs by Pe-ru-na.

MISS FLORENCE KENAH.

Miss Florence E. Kenah, 434 Maria street, Ottawa, Ont., writes:

"A few months ago I caught a severe cold, which settled on my lungs and remained there so persistently that I became alarmed. I took medicine without benefit, until my digestive organs became upset, and my head and back began to ache severely and frequently. I was advised to try Peruna, and although I had little faith I felt so sick that I was ready to try anything. It brought me blessed relief at once, and I felt that I had the right medicine at last. Within three weeks I was completely restored and have enjoyed perfect health since."

"I now have the greatest faith in Peruna."

WOMEN should beware of contracting catarrh. The cold wind and rain, slush and mud of winter are especially conducive to catarrhal derangements. Few women escape.

Upon the first symptoms of catching cold Peruna should be taken. It fortifies the system against colds and catarrh.

The following letter gives one young woman's experience with Peruna:

Miss Rose Gerling is a popular society woman of Crown Point, Ind., and she writes the following:

Chaffeur Ford rode a mile in 39 2-3 seconds; and word comes from Ormond Beach, Fla., that W. K. Vanderbilt, Jr., has already cut this down to 39 seconds flat, a speed equal to 92 miles an hour. And both claim that they have not attained their limit. Ford describes the sensations of being whirled through the air at so tremendous a speed, and one cannot help wondering why these men court death by their foolhardy attempts. No great scientific benefit is sought nor is the demonstration of any especial practical value. It is remarkable to see how fast a man can ride and retain sufficient presence of mind to guide the machine and escape the certain death that would follow any mishap.

If the Republicans proposed running such a man as the father of yellow journalism for president, what a storm of ridicule they would meet with from the Democracy! Yet the Democrats seriously propose it and few laugh, realizing how desperate is the condition of the once great party.

The farmers' institutes that are being held throughout the state are a good thing for all who participate in them. They set the agriculturists to thinking. And in these days the farmer who does not think lags at the tail end of the procession.

Unlocked safety lamps were found in the Harwick mine, proving that some of the miners were careless. The mining laws should be rigidly obeyed and enforced, but repeated horrors fail to impress the lesson.

State aid to road-building has been given in New Jersey, Connecticut, Massachusetts, and New York in the sum of \$16,313,837. In those four

states 2,418 miles of road have been improved. The conditions under which the state aid is given are that the cost of road-building shall be divided between the state and the counties, the state usually paying one-third, and the counties and towns the other two-thirds.

"Why talk so much about Bryan?" asks a Democratic exchange. "He is no longer a Democratic exponent." Who is, then? Bryan is doing more talking than all the rest of the Democratic party.

McKinley's memory was honored, not alone in his native state, but throughout the country. The whole people loved and honored him, and a more enduring monument no man ever left behind.

Perhaps the reason the Democratic president makers are so listless is the stern conviction that their best efforts will be wasted.

It's a level-headed Democrat who can keep his temper when talking of what Bryan has done to his party.

Men who seek short cuts to wealth frequently cut short their careers. Whitaker Wright is an example.

Let the other weather prophets now step aside and give the groundhog the center of the stage.

## OBITUARY

Daniel Byers.

Lisbon, January 30.—(Special)—

Daniel Byers, a life-long resident of

Lisbon, died at his home at 6:30 this

morning after a prolonged illness with

heart trouble. The deceased was nearly

82 years old and was born in this

vicinity, the son of Jacob and Elizabeth

Byers. His mother died six years

ago at the age of 107 at the home of

his only surviving brother, William

Byers, of Yale, O. Mr. Byers was mar-

ried in early life to Miss Anna Hilt-

biddle, of Lisbon, who died 21 years

ago and by whom the following chil-

dren survive him: William, George,

and Mrs. Joseph Lamott, all of Alli-

ance; Mrs. Ida Ward, of Clarks, N.J.;

Mrs. Harriet McKee, Lisbon, and a

son, Frank, whose whereabouts are

unknown. Mr. Byers again married

20 years ago, his wife being Mrs. Mary

Smith, who survives him. There were

no children born of this union. Mr.

Byers was a veteran of the civil war,

having enlisted here in company H,

## WELLSVILLE AND VICINITY

CLEANING THE STREETS  
AN IMPORTANT ISSUE

Only \$500 for the Work for the Coming Summer—Commissioner's Salary Canceled.

Cleaning the streets of Wellsville during the coming summer is a serious question with the council and board of public safety of Wellsville.

A member of council is authority for the statement that the cleaning of the streets in past years has been a costly item of expense for the city, and that after the work was completed there was very little to show what the money had been expended for. It is evident that street cleaning has been and will be this year the predominating question for council and the board of service to consider.

By the appropriation ordinance only \$500 has been provided for street cleaning and street repairs. The proposed appropriation of \$300 for the salary of the street commissioner has been canceled from the ordinance.

Street Commissioner Culp may be hired under the emergency clause to look after this work, but just now there is no fund available to pay his salary for the next six months.

One councilman has suggested to members of the board of service and also to a number of councilmen that a man be hired at a probably salary of \$3 per diem to clean the streets. This councilman contends that a man hired under such conditions could make from \$4.50 to \$6 a day for eight months during the year.

It is suggested that a man with a team is best fitted for such a contract. By arising early in the morning, the streets, those paved only, could be sprinkled and swept, both with utilities owned by the city, and in the afternoon the refuse could be carted away.

Business men could be solicited to contribute a small amount monthly for sprinkling the streets, this amount all being over what is to be paid by the city.

It is said Main street need not be swept by the street sweeper daily, but on an average of twice a week.

Other paved streets could be cleaned, just as Main street, and the result would be that all the paved streets of the city would be cleaned on an average of once a week.

Some councilmen look with favor on the suggestion, as do some members of the board of service. It is probable the suggestion will be given a practical trial during the early part of the summer.

The Patrol Wagon Will Soon Appear on the Streets Remodeled And Repainted.

Within a few days the new fire patrol wagon will be ready for commission. The wagon, which was a second-hand conveyance, was remodeled and repainted at the shops of A. A. Bough. The sides of the wagon have been painted brown and the words "Police Patrol and Fire" have been painted on the sides. On the seat sides have been painted the letters "C. F. D." meaning city fire department.

The wheels of the wagon are of a bright red, trimmed in yellow and black, all of which gives the vehicle a pretty appearance. Two seats have

IN THE SCHOOLS

An Excellent Showing Made by the Pupils of the Various Grades.

## INTEREST WELL KEPT UP

McKinley Was Not Forgotten—Topics of an Interesting Nature for Both Teachers And Pupils of the City in the Schools of the City.

The event of most interest in the public schools of this city during the past week was the making out of the monthly report of the schools, which was completed last evening after school by Supt. Rayman and the corps of local teachers. The report ends the school month of January, a month which has been exceptionally severe for the perfect attendance of the school children, but even though the weather has been severe, especially for children of primary and grammar grades. Supt. R. E. Rayman stated that he was well pleased with the report for the month.

The entire enrollment was: Boys, 1,614; girls, 1,629; grand total, 3,243. The per cent of attendance was as follows:

Primary grades—Boys, 92 per cent; girls, 90 per cent.

Grammar grades—Boys, 94 per cent; girls, 94 per cent.

High school—Boys, 95 per cent; girls, 95 per cent.

Average attendance—Boys, 93 per cent; girls, 93 per cent.

Tardiness in the various buildings was as follows in primary grades:

Central building—Boys, 2; girls, 5. Sixth street building—Boys, 3; girls, 1.

Third street building—Boys, 3; girls, 6.

West End building—Boys, 6; girls, 2.

Grant street building—Boys, 8; girls, 4.

Horace Mann building—Boys, 6; girls, 2.

McKinley building—Boys, 5; girls, 4.

East End building—Boys, 6; girls, 3. Gardendale school—Boys, 2; girls, 8.

Sheridan avenue school—Boys, 3; girls, 1.

Pleasant Heights school—Boys, 8; girls, 12.

In the grammar grades of the various buildings the tardiness was as follows:

Central building—Boys, 2; girls, 4.

Sixth street building—Boys, 3; girls, none.

Horace Mann building—Boys, 3; girls, 3.

Grant street school—Boys, 1; girls, none.

McKinley school—Boys, 1; girls, none.

High school—Boys, 12; girls, 3.

The number of visits by patrons were: Males, 5; females, 48.

The number of visits to the different schools by the superintendent during the month were: In primary rooms, 65; in grammar grades, 32; in high school classes, 9; grand total, 106.

The honor roll report for the pupils who were neither tardy nor absent during the month was as follows:

In Primaries—Boys, 332; girls, 281.

Grammar grades—Boys, 172; girls, 179.

High school—Boys, 54; girls, 67.

Grand total—558 boys, 521 girls.

The increase in attendance this month was 118, owing to the fact that children who have reached the age of six years were admitted the first of January.

In regard to the work Prof. Rayman noted with interest during his visits in the schools this month that the children are taking especial care and pride in the spelling work and that this fact is making of the children better readers.

Monday will open the month of February in the schools, and a still greater effort will be made for a more excellent report.

It was announced yesterday that the next public exercises in the schools will be held on February 12, when observation will be made of the birthdays of Washington, Lincoln and McKinley.

There will be no school in the city on Monday, February 22.

Yesterday morning in the devotional exercises of the schools in commemoration of McKinley's birthday, the favorite Psalms and hymns of the late president occupied a place on the program.

But there was no special program in the high school as a number of the classes were taking final examinations in different branches and a new schedule will go into effect on Monday in several of the classes.

Yesterday the seniors took their final examination in English literature, and this study will be substituted hereafter for a course in civics. The juniors passed final examinations in

Monday in several of the classes.

Only \$500 for the Work for the Coming Summer—Commissioner's Salary Canceled.

Cleaning the streets of Wellsville during the coming summer is a serious question with the council and board of public safety of Wellsville.

A member of council is authority for the statement that the cleaning of the streets in past years has been a costly item of expense for the city, and that after the work was completed there was very little to show what the money had been expended for. It is evident that street cleaning has been and will be this year the predominating question for council and the board of service to consider.

By the appropriation ordinance only \$500 has been provided for street cleaning and street repairs. The proposed appropriation of \$300 for the salary of the street commissioner has been canceled from the ordinance.

Street Commissioner Culp may be hired under the emergency clause to look after this work, but just now there is no fund available to pay his salary for the next six months.

One councilman has suggested to members of the board of service and also to a number of councilmen that a man be hired at a probably salary of \$3 per diem to clean the streets. This councilman contends that a man hired under such conditions could make from \$4.50 to \$6 a day for eight months during the year.

It is suggested that a man with a team is best fitted for such a contract.

By arising early in the morning, the streets, those paved only, could be sprinkled and swept, both with utilities owned by the city, and in the afternoon the refuse could be carted away.

Business men could be solicited to contribute a small amount monthly for sprinkling the streets, this amount all being over what is to be paid by the city.

It is said Main street need not be swept by the street sweeper daily, but on an average of twice a week.

Other paved streets could be cleaned, just as Main street, and the result would be that all the paved streets of the city would be cleaned on an average of once a week.

Some councilmen look with favor on the suggestion, as do some members of the board of service. It is probable the suggestion will be given a practical trial during the early part of the summer.

## RENOVATED WAGON

The Patrol Wagon Will Soon Appear on the Streets Remodeled And Repainted.

Within a few days the new fire patrol wagon will be ready for commission. The wagon, which was a second-hand conveyance, was remodeled and repainted at the shops of A. A. Bough. The sides of the wagon have been painted brown and the words "Police Patrol and Fire" have been painted on the sides. On the seat sides have been painted the letters "C. F. D." meaning city fire department.

The wheels of the wagon are of a bright red, trimmed in yellow and black, all of which gives the vehicle a pretty appearance. Two seats have

THE LEAP YEAR BALL

A Very Pleasant Affair Held in the City Hall Auditorium Last Evening.

The leap year dance given in the auditorium of city hall last night by the young ladies of Wellsville, was one of the most pleasant affairs given by the younger society set in recent years. Instead of the men paying the expenses of the affair, the weaker sex paid the bills. The young ladies hired carriages, drove to the homes of their gentlemen friends, waited until they were ready, then told the driver to drive to the dance.

After the dance there was supper in some instances, where all bills were paid by the young ladies.

One young gentleman is authority for the statement that after the dance and supper his lady companion purchased for him a package of cigarettes and a package of chewing gum.

## A MOCK TRIAL HELD

Lots of Fun for the P. H. C. in an Entertainment Held Last Evening.

"John Kauffman has been acquitted of taking another man's position."

This was the verdict rendered by a jury in the mock trial held by the members of the Wellsville Circle P. H. C. before Judge Nixon last night in Brotherhood hall. The defense was looked after by Chester Elliott and S. C. Carnahan. The plaintiff was in the hands of W. A. Aughinbaugh and John Haugh.

The trial was largely attended, and no end of merriment was produced during the taking of testimony. The circle plans to give several other social events during the winter season.

## Change of Meeting Night.

Changing of their meeting night from Tuesday to Monday nights is an important question that will be considered by the members of local No. 24, N. B. of O. P., which will meet next Tuesday evening in Brotherhood hall. At the session last Tuesday night it was decided to take a vote on the proposition next Tuesday night. Many members appear to favor the change, and it may mean a plan by which the attendance at the meetings will be increased.

## Last Chance to Buy Steel Stock.

Some days ago a notice was posted at the Wellsville plant of the American Sheet & Tin Plate company, reading: "All employees of this company who desire to subscribe for steel stock of the 1904 issue can obtain any information desired by applying to the office. Books close January 31." In all mills operated by the steel corporation this notice is said to have been posted. Just what success the sale is having none of the officials of the Wellsville plant will say.

## Public Safety Meeting.

A meeting of the board of public safety will be held at city hall tonight, at which it is expected the names of the successful applicants who took the recent civil service examination for fireman-patrolman will be made known. Payment of bills and other minor matters will also occupy the attention of the board.

## WORE RED CARNATION.

William McKinley's Friends and Neighbors Honor His Memory.

Canton, O., Jan. 30.—Canton people generally observed McKinley's birthday. Special patriotic programs were held in most of the schools and the pink carnation was everywhere in evidence. Stocks of dealers, large early in the day, were practically exhausted by noon.

Mrs. McKinley was driven to the cemetery with a large bunch of carnations for the tomb of the late president. A beautiful floral piece bearing the card of Secretary of Commerce and Labor George B. Cortelyou was placed on the casket. Other floral offerings from out of town are en route.

## KILLED BY DYNAMITE.

Attempt to Thaw Explosive Once More Causes Fatal Accident.

Wheeling, Jan. 30.—Thomas Paul of Philadelphia, employed on the Cleveland, Lorain and Wheeling improvements at Fairpoint, O., 16 miles west of here, was instantly killed in an explosion of dynamite and several others were injured.

Paul took 25 sticks of dynamite to a fire to thaw out the explosive. A box of caps let go, the dynamite following, and Paul was blown 30 feet across the track and instantly killed. His features were mutilated beyond recognition.

MONTHLY REPORTS  
IN THE SCHOOLS

An Excellent Showing Made by the Pupils of the Various Grades.

## INTEREST WELL KEPT UP

McKinley Was Not Forgotten—Topics of an Interesting Nature for Both Teachers And Pupils of the City in the Schools of the City.

The event of most interest in the public schools of this city during the past week was the making out of the monthly report of the schools, which was completed last evening after school by Supt. Rayman and the corps of local teachers. The report ends the school month of January, a month which has been exceptionally severe for the perfect attendance of the school children, but even though the weather has been severe, especially for children of primary and grammar grades. Supt. R. E. Rayman stated that he was well pleased with the report for the month.

The entire enrollment was: Boys, 1,614; girls, 1,629; grand total, 3,243.

The per cent of attendance was as follows: Primary grades—Boys, 92 per cent; girls, 90 per cent. Grammar grades—Boys, 94 per cent; girls, 94 per cent. High school—Boys, 95 per cent; girls, 95 per cent. Average attendance—Boys, 93 per cent; girls, 93 per cent.

Tardiness in the various buildings was as follows in primary grades: Central building—Boys, 2; girls, 5. Sixth street building—Boys, 3; girls, 1. Third street building—Boys, 3; girls, 6. West End building—Boys, 6; girls, 2. Grant street building—Boys, 8; girls, 4. Horace Mann building—Boys, 6; girls, 2. McKinley building—Boys, 5; girls, 4. East End building—Boys, 6; girls, 3. Gardendale school—Boys, 2; girls, 8. Sheridan avenue school—Boys, 3; girls, 1. Pleasant Heights school—Boys, 8; girls, 12.

In the grammar grades of the various buildings the tardiness was as follows:

Central building—Boys, 2; girls, 4. Sixth street building—Boys, 3; girls, none.

Horace Mann building—Boys, 3; girls, 3.

Grant street school—Boys, 1; girls, none.

McKinley school—Boys, 1; girls, none.

High school—Boys, 12; girls, 3.

The number of visits by patrons were: Males, 5; females, 48.

The number of visits to the different schools by the superintendent during the month were: In primary rooms, 65; in grammar grades, 32; in high school classes, 9; grand total, 106.

The honor roll report for the pupils who were neither tardy nor absent during the month was as follows:

Primaries—Boys, 332; girls, 281.

Grammar grades—Boys, 172; girls, 179.

High school—Boys, 54; girls, 67.

Grand total—558 boys, 521 girls.

The increase in attendance this month of the pupils over last month was 118, owing to the fact that children who have reached the age of six years were admitted the first of January.

In regard to the work Prof. Rayman noted with interest during his visits in the schools this month that the children are taking especial care and pride in the spelling work and that this fact is making of the children better readers.

Monday will open the month of February in the schools, and a still greater effort will be made for a more excellent report. It was announced yesterday that the next public exercises in the schools will be held on February 12, when observation will be made of the girthdays of Washington, Lincoln and McKinley.

There will be no school in the city on Monday, February 22.

Yesterday morning in the devotional exercises of the schools in commemoration of McKinley's birthday, the favorite Psalms and hymns of the late president occupied a place on the program. But there was no special program in the high school as a number of the classes were taking final examinations in different branches and a new schedule will go into effect on Monday in several of the classes.

Yesterday the seniors took their final examination in English literature, and this study will be substituted hereafter for a course in civics. The juniors passed final examinations in

## TAFT'S POLICY OUTLINED.

Philippines for the Filipinos Will Be His Guiding Principle.

Washington, Jan. 30.—The Philippines for the Filipinos will be the keynote of the policy of Secretary Taft toward the eastern archipelago. In almost the last speech he made before leaving the Philippines for home he reiterated this keynote, which he first sounded when he was inaugurated governor of the Philippine Islands.

This speech has been published by the insular government in an official form and has just reached the war department. In it Governor Taft declared that this doctrine does not exclude the encouragement of American enterprise or the American investment of capital in the Philippines for the reason that nothing, not even education or a free form of government, can make more for the elevation and civilization of the Filipino people than the investment of American capital in the material development of these islands."

## CITIZENS TO VOTE OR PAY A FINE

INTERESTING PROPOSITION MAY COME BEFORE LEGISLATURE.

The Stay-at-Home Vote Alarmingly Large, But Will Likely Not Be Molested.

One of the interesting propositions which seems to be on the verge of formulation into bills for the consideration of the general assembly is that to require every citizen of Ohio to vote, under penalty of a fine. The evils that arise from the failure of electors to qualify themselves and then to vote have often evoked expressions of a will for some such legal requirement, and now it seems that the wish is to develop into an attempt to correct the evil.

It appears that in the larger municipalities of the state, the stay-at-home vote runs at times as high as 35 per cent and is generally recruited from the class of persons who count themselves good citizens, but rarely do anything on election day to prove it. They are for the most part well-meaning men; but, absorbed in their private business or disgusted with the tricks of nomination, they remain away from the polls, content to "let the devil take the hindmost" of the candidates. Of course, says the Co-

## HUSBAND TELLS OF WIFE'S RECOVERY

Homer D. Wells, of Akron, Ohio, a Happy Man.

An interesting letter has been received from H. D. Wells, 353 Lloyd Avenue, Akron, O., telling of the complete recovery of his wife in a remarkably short space of time. Mrs. Wells has been a sufferer from chronic stomach trouble and catarrh for many years, and her husband had spent a small fortune in an effort to restore his wife's failing health. Nothing seemed to benefit her, and both husband and wife had despaired of ever finding a way to make her a well woman once more. Suddenly and unexpectedly she was completely restored to health to the surprise and delight of her husband. This is what he has to say of the matter:

The Cooper Medicine Co.

Dear Sirs:—I wish to tell you of a remarkable occurrence, and in so doing, to thank you for what has been done for me and mine. My wife had suffered for ten years and over with catarrh and stomach trouble. In the morning she would find her throat all stopped up, and she was unable to get a sound night's sleep. We heard of Cooper's New Discovery and decided to try it, as it seemed to be doing a great deal of good in Akron. She began to improve after the first day's treatment. She is now almost entirely well and sleeps soundly. I have spent hundreds of dollars with different doctors trying to accomplish what three bottles of this medicine has done for her.

Yours truly,  
HOMER D. WELLS.

Just think of it! Only three bottles of this remedy, costing comparatively little, accomplishing what hundreds of dollars spent for doctor bills could not. Dr. Cooper's New Discovery is a great modern remedy for common ills; in cases of catarrh, rheumatism or stomach trouble, it acts like magic, restoring health and happiness once more, people who have spent years of suffering and were unable to get relief. It is accomplishing wonders and is being commented on by physicians and druggists throughout the country. It is a comparatively new remedy, and yet it has cured thousands of people and is helping hundreds more daily. If you are in poor health only a few doses are necessary to help you and convince you, as it has convinced so many that it is the greatest known remedy. Don't delay. Every day you worry along feeling that life is not worth living, you are robbing yourself of that much happiness. You owe it to your family, to yourself, and to your friends to become well and cheerful once more. There is a sure way to do this—see your druggist, get a bottle of Dr. Cooper's New Discovery, and good health will follow. It is guaranteed to cure by The Cooper Medicine Co., of Dayton, who refund without question every penny spent for their remedy, if it fails to cure.

For sale by Will Reed, druggist.

Columbus Dispatch, this is wrong. There is usually enough difference between opposing candidates and the supporting parties to make a choice; and it is every man's duty to the public to express that choice in an effective way. Better still, he should attend the primaries and vote. If nominations are still bad, he should, in company with others, see to it that the proceedings before the primaries are properly conducted. The trouble now is that the men who find a pecuniary interest in these preliminaries attend to them and the others do not. All that is needed is as much watchfulness on the part of the "good citizen" as upon the part of those who profit by lax administration or the violation of law.

But all this has been preached a thousand times, and the preaching does not avail. It might as an alternative, be a good idea to compel the indifferent citizen to take the medicine that he has assisted in preparing—in other words, to go to the polls and vote. A few doses of that sort might put him in the mood to do the things he ought to do at the outset and which, if done, would make voting at a regular election the altogether pleasant thing it ought to be.

It is very evident, however, that this ought not to be necessary and that the proposition is in advance of present public sentiment.

For Washington's Birthday Being Placed in the Pleasant Heights School House.

The teacher and scholars of the Pleasant Heights school have begun the task of decorating the building in that section, and it will be in a very tasty condition by Washington's birthday. The teacher, Miss Mable Neills, has taken a great deal of interest in her work at Pleasant Heights since being assigned to that charge.

The pupils are making good progress under her careful direction, and the school, though the smallest in the city, will be found in the very best condition at the end of the term.

## A REPORTER'S DREAM AND A SILLY STORY

Report That Todd May Be Chief of Police Too Preposterous for Denial.

Following closely the miserable fake concerning the resignation of Chief Wyman an afternoon paper comes to the front with another base fabrication, stating that Night Watchman Todd will be appointed to succeed Wyman if perchance the latter is ousted from office by a decision of the supreme court.

It was the most ridiculous story that has ever been perpetrated on the people of East Liverpool," said Mr. Dawson, of the safety board, who was quoted by the feather-brained reporter who wrote the lie. "I acknowledge that I said something of the sort," continued Mr. Dawson, "but no sane man would have accepted it otherwise than as a joke. There is not a word of truth in the statement that I, or the board, have decided to put Todd in if Wyman is put out. The story is absolutely without foundation, and I can not denounce it in any stronger terms than to say that it is a clean cut falsehood."

Major Weaver, who alone is empowered to appoint a chief, was interviewed. He said: "It is not worthy of a moment's consideration. The story emanated evidently from the same source as the lie relating to the resignation of Chief Wyman. Such a thought never entered my mind, and I can say that there is absolutely no likelihood of such action."

With two denials as strong as the above it is easily to be seen that the reporter who was instrumental in having the dream go before the few who read it was endeavoring only to maintain the unenviable reputation the alley sheet has gained by the publication daily of preposterous stories.

## ABSOLUTE FAITH

You Can Depend Upon the *West* This East Liverpool Citizen.

He has had the experience.

He has thoroughly tested the article.

He found it as represented.

He has absolute faith in its merits.

Mrs. William Dunn, of 192 Sixth street, says: "Doan's Kidney Pills did for me what none of the doctors could do. They told me I had gravel and a little relief was all I could expect. I suffered terribly for two or three years alternately better and worse with severe pains across the small of my back and up my side. The pains were so severe that I was often compelled to stay in bed, not being able to get up. My limbs swelled so I could hardly walk, and periodically I was taken with such severe pains through the groins that I could hardly stand it. The doctors advised hot applications and gave me bottle after bottle of medicine, but I did not receive any real benefit until I procured Doan's Kidney Pills at the W. & W. Pharmacy. Having seen them so highly recommended by others, I took them, and am grateful to say they helped me almost at once."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States. Remember the name Doan's and take no other.

## CITIZENS TO VOTE OR PAY A FINE

INTERESTING PROPOSITION MAY COME BEFORE LEGISLATURE.

The Stay-at-Home Vote Alarmingly Large, But Will Likely Not Be Molested.

One of the interesting propositions which seem to be on the verge of formulation into bills for the consideration of the general assembly is that to require every citizen of Ohio to vote, under penalty of a fine. The evils that arise from the failure of electors to qualify themselves and then to vote have often evoked expressions of a with for some such legal requirement, and now it seems that the wish is to develop into an attempt to correct the evil.

It appears that in the larger municipalities of the state, the stay-at-home vote runs at times as high as 35 per cent and is generally recruited from the class of persons who count themselves good citizens, but rarely do anything on election day to prove it. They are for the most part well-meaning men; but, absorbed in their private business or disgusted with the tricks of nomination, they remain away from the polls, content to "let the devil take the hindmost" of the candidates. Of course, says the Co-

## HUSBAND TELLS OF WIFE'S RECOVERY

Homer D. Wells, of Akron, Ohio, a Happy Man.

An interesting letter has been received from H. D. Wells, 353 Lloyd's Avenue, Akron, O., telling of the complete recovery of his wife in a remarkably short space of time. Mrs. Wells has been a sufferer from chronic stomach trouble and catarrh for many years, and her husband had spent a small fortune in an effort to restore his wife's failing health. Nothing seemed to benefit her, and both husband and wife had despaired of ever finding a way to make her a well woman once more. Suddenly and unexpectedly she was completely restored to health to the surprise and delight of her husband. This is what he has to say of the matter:

The Cooper Medicine Co.

Dear Sirs:—I wish to tell you of a remarkable occurrence, and in so doing, to thank you for what has been done for me and mine. My wife had suffered for ten years and over with catarrh and stomach trouble. In the morning she would find her throat all stopped up, and she was unable to get a sound night's sleep. We heard of Cooper's New Discovery and decided to try it, as it seemed to be doing a great deal of good in Akron. She began to improve after the first day's treatment. She is now almost entirely well and sleeps soundly. I have spent hundreds of dollars with different doctors trying to accomplish what three bottles of this medicine has done for her.

Yours truly,

HOMER D. WELLS.

Just think of it! Only three bottles of this remedy, costing comparatively little, accomplishing what hundreds of dollars spent for doctor bills could not. Dr. Cooper's New Discovery is a great modern remedy for common ills; in cases of catarrh, rheumatism or stomach trouble, it acts like magic, restoring health and happiness once more, people who have spent years of suffering and were unable to get relief. It is accomplishing wonders and is being commented on by physicians and druggists throughout the country. It is a comparatively new remedy, and yet it has cured thousands of people and is helping hundreds more daily.

If you are in poor health only a few doses are necessary to help you and convince you, as it has convinced so many that it is the greatest known remedy. Don't delay. Every day you worry along feeling that life is not worth living, you are robbing yourself of that much happiness. You owe it to your family, to yourself, and to your friends to become well and cheerful once more. There is a sure way to do this—see your druggist, get a bottle of Dr. Cooper's New Discovery, and good health will follow. It is guaranteed to cure by The Cooper Medicine Co. of Dayton, who refund without question every penny spent for their remedy, if it fails to cure.

lumbus Dispatch, this is wrong. There is usually enough difference between opposing candidates and the supporting parties to make a choice; and it is every man's duty to the public to express that choice in an effective way. Better still, he should attend the primaries and vote. If nominations are still bad, he should, in company with others, see to it that the proceedings before the primaries are properly conducted. The trouble now is that the men who find a pecuniary interest in these preliminaries attend to them and the others do not. All that is needed is as much watchfulness on the part of the "good citizen" as upon the part of those who profit by lax administration or the violation of law.

But all this has been preached a thousand times, and the preaching does not avail. It might as an alternative, be a good idea to compel the indifferent citizen to take the medicine that he has assisted in preparing—in other words, to go to the polls and vote. A few doses of that sort might put him in the mood to do the things he ought to do at the outset and which, if done, would make voting at a regular election the altogether pleasant thing it ought to be.

It is very evident, however, that this ought not to be necessary and that the proposition is in advance of present public sentiment.

## SALINEVILLE

Salineville, January 30.—(Special)—Mayor Kerr fined a man named Kelly, who had been arrested for selling house rugs in the village without a license, \$15 and costs, making a total of \$19.80. The man, not having enough money to pay his fine was remanded back to the city jail, where he spent the night. Friday morning a check on an East Liverpool bank arrived and he was released.

The marriage of Oscar Allman, of Pine Hill, and Miss Charlotte Philpot, of Summitville, was solemnized Thursday evening at the home of the bride's parents, Mr. and Mrs. William Philpot. The bride was employed as clerk in one of the large business houses here.

R. M. Hull and W. M. Burgett will represent the Washington township Republican central committee at Linton today.

The New Shaft mine started to work yesterday morning after nearly a week's layoff owing to the broken drum.

Thomas Bryer, who was examined the first of the week as carrier of rural free delivery route No. 1 running east of town, asked the present carrier, John W. Manning, to let him go over the route with him, as he could learn much from his methods employed.

The carrier refused. He also refused to give him a list of the mail boxes. The new carrier will assume his duties Monday morning.

Appropriate exercises in the public school yesterday commemorating the birthday of the late William McKinley were held.

Robert Green, C. & P. railroad detective, was in town Thursday looking after some misdeeds committed by foreigners who have been taking the hose connecting the air brakes on cars and using them to half sole their footwear. He caught several of them with the hose in their possession and arrested them.

## REALM OF SPORTS

### SPORTING MISCELLANY.

Sailor Tom Sharkey allows just three rounds for Munroe to stay in the ring with him when they get together.

An effort is again being made to legalize boxing in Kentucky. A bill is now being prepared to send to the legislature.

Herman McFarland, who was with the New York Americans last year, has been assigned to captain the Grand Rapids team next season.

Joe Gans is determined to regain some of his lost prestige when he meets Mike Ward, the Canadian champion, at Detroit next Tuesday night.

Jack Munroe may give Al Limerick another chance. All that Munroe is looking for is the money, and when it comes up he may again take on Limerick.

Outfielder McCormick, the champion batsman of the Eastern League, who was signed by the New York Nationals, has fully recovered from his broken collarbone.

Terry McGovern is back on the stage again. He is being starred by Sam Harris in "The Bowery After Dark." He made his first appearance at Bridgeport, Conn., on Wednesday night.

Senator Frawley, the father of the boxing bill in New York state, is working hard to get it passed by the legislature. It provides for a commission to have control over pugilism in the state.

## A REPORTER'S DREAM AND A SILLY STORY

Report That Todd May Be Chief of Police Too Preposterous for Denial.

Following closely the miserable fake concerning the resignation of Chief Wyman an afternoon paper comes to the front with another base fabrication, stating that Night Watchman Todd will be appointed to succeed Wyman if perchance the latter is ousted from office by a decision of the supreme court.

"It was the most ridiculous story that has ever been perpetrated on the people of East Liverpool," said Mr. Dawson, of the safety board, who was quoted by the feather-brained reporter who wrote the lie. "I acknowledge that I said something of the sort," continued Mr. Dawson, "but no sane man would have accepted it otherwise than as a joke. There is not a word of truth in the statement that I, or the board, have decided to put Todd in if Wyman is put out. The story is absolutely without foundation, and I can not denounce it in any stronger terms than to say that it is a clean cut falsehood."

Mayor Weaver, who alone is empowered to appoint a chief, was interviewed. He said: "It is not worthy of a moment's consideration. The story emanated evidently from the same source as the lie relating to the resignation of Chief Wyman. Such a thought never entered my mind, and I can say that there is absolutely no likelihood of such action."

With two denials as strong as the above it is easily to be seen that the reporter who was instrumental in having the dream go before the few who read it was endeavoring only to maintain the unenviable reputation of the alley sheet has gained by the publication daily of preposterous stories.

What You Need for Constipation.

**In Order  
to Preach to  
Consumptives**  
One Must Have Been a Sufferer  
Himself.

This was the belief of Frederick Hammann when, at Professor Hoff's advice, he connected himself with the American Bureau of the Professor Hoff Cure on his return to America from Vienna, where he was sent to Professor Hoff by the New York Journal as the American test case.

This American Bureau, in its comparatively short career, has brought into intercommunication more consumptives than it was ever before possible to reach in a single crusade.

Thousands followed the course of Hammann's case through the newspaper publicity given it. It was a notable newspaper achievement, not undertaken to further personal ends, but for the benefit of the great army of sufferers in whose behalf no great organization was then acting.

Sympathy is born of acute sensibility.

No persons in the world have more acute feelings than consumptives. Sensitive in the extreme concerning their own cases, they are wonderfully sympathetic with one another.

Hundreds of them wrote to Mr. Hammann about his cure. Other hundreds not quite sure of their condition—who would have hesitated to consult physicians or to go to drug stores to procure the advertised remedies for coughs—submitted their cases to the American Bureau of the Professor Hoff Cure.

The statistics of the results are marvelous! They prove beyond question the wisdom of prompt action on the part of those with weak lungs—evidenced by chronic cough, asthma and bronchial catarrh—in taking prompt precaution.

Professor Hoff's pioneer work has brought other noted physicians to the same conclusion that consumption is preventable and just as curable as other diseases—provided proper steps are taken in time.

That pioneer work was among the poorer classes, who lived in poor quarters with insufficient food and shelter. Professor Hoff's work indicated, as nothing short of such an object lesson would—that proper medication will overcome even adverse conditions.

Only one who suffered can send out encouragement and hope to those who are affected with consumption.

This letter from Mr. Hammann proves it.

American Bureau, Bondiney & Schlesinger, Third Avenue and 10th Street, N. Y.:

gentlemen—My continued and active employment in the American Bureau of the Hoff Cure, when I put in eight and nine hours of steady and continuous work every day, is the best evidence of the permanency of my cure from consumption. When I left New York, under the auspices of the Journal, I weighed 121 pounds. When I got back to New York, pronounced cured by Prof. Hoff, and one of the most noted specialists in New York, I weighed 132 pounds. Since that time I have increased to 147 pounds. I am now in full health, and I am able to do all the work I used to do before my illness, and what my fancy dictates, and I am in better health now than I was before my lungs were affected. I am thoroughly and completely cured.

When I contracted consumption I was engaged to be married. The cruel sacrifice of my hopes in this direction was but one of the miseries the disease brought me. After returning to America I was unwilling to return to my engagement, as my probationary period had passed and I knew there was no well known course, either to my future or myself. I wrote to Professor Hoff of the other man—that all danger was gone. So, on Easter Day, I was married. "Words fail me to express my thanksgiving."

The N. Y. Life Insurance Co., after a careful examination, also pronounced me cured, and issued me a policy on my life.

Occasionally I have to stop and wonder if I ever was in the pitiable condition described by many of the sufferers when they first write to me, at the American Bureau of the Prof. Hoff Cure. It seems like a nightmare of long ago—a recollection that makes my heart go out to all who are now suffering from the most dreadful disease in the world. Yours truly,

FREDERICK HAMMANN,  
Third Ave. and Tenth st., N. Y.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third Avenue and 10th Street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and fairly known firm mentioned below.

The triangular trade mark of the American Bureau of Professor Hoff's cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Professor Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well known druggists'.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic representation authorized by the American Bureau.

Buy the Hoff cure at the most drug stores. The great majority of honest druggists do not stand to subscription by selling something "as good" that means more profit to them. The genuine Hoff cure can always be procured at the well-known druggists'.

brought into intercommunication more consumptives than it was ever before possible to reach in a single crusade.

Thousands followed the course of Hammann's case through the newspaper publicity given it. It was a notable newspaper achievement, not undertaken to further personal ends, but for the benefit of the great army of sufferers in whose behalf no great organization was then acting.

Sympathy is born of acute sensibility.

No persons in the world have more acute feelings than consumptives.

Sensitive in the extreme concerning their own cases, they are wonderfully sympathetic with one another.

Hundreds of them wrote to Mr. Hammann about his cure. Other hundreds not quite sure of their condition—who would have hesitated to consult physicians or to go to drug stores to procure the advertised remedies for coughs—submitted their cases to the American Bureau of the Professor Hoff Cure.

The statistics of the results are marvelous! They prove beyond question the wisdom of prompt action on the part of those with weak lungs—evidenced by chronic cough, asthma and bronchial catarrh—in taking prompt precaution.

Professor Hoff's pioneer work has brought other noted physicians to the same conclusion that consumption is preventable and just as curable as other diseases—provided proper steps are taken in time.

That pioneer work was among the poorer classes, who lived in poor quarters with insufficient food and shelter. Professor Hoff's work indicated, as nothing short of such an object lesson would—that proper medication will overcome even adverse conditions.

Only one who suffered can send out encouragement and hope to those who are affected with consumption.

This letter from Mr. Hammann proves it.

American Bureau, Bendiner & Schlesinger, Third Avenue and 10th Street, N. Y.: Gentlemen—My continued and active employment in the American Bureau of the Hoff Cure, when I put in eight and nine hours of steady and confining work every day, is the best evidence of the permanence of my cure. I am now in New York, under the auspices of the Bureau, I weighed 172 pounds. When I got back to New York I weighed 162 pounds. I am now in New York, under the auspices of the Bureau, I weighed 132 pounds. Since that time I have increased to 142 pounds. I eat what my fancy dictates and am no more delicate with reference to my health generally than I was before my cure. I am thoroughly and completely cured.

When I contracted consumption I was unable to work. The cruel sacrifice of my hopes as unwilling to renew my engagement until a probationary period had passed and I knew there was no peril in such a course, either to my future wife or myself. I wrote to Professor Hoff of the general of my hopes and asked his advice. He advised me that I was just as free to marry as any other man—that all danger was gone. So, on Easter Day, I was married. Words fail me to express my thanks.

The New York Life Insurance Co., after a careful examination, also pronounced me cured, and issued the highest form of policy on my health.

Occasionally I have to stop and wonder if I ever was in the pitiable condition described by many of the sufferers when they first write to me, at the American Bureau of the Hoff Cure. It seems as a nightmare of long ago—a reflected that makes my heart go out to those who are now suffering.

FREDRICK HAMMANN  
Third Ave., and 10th st., N. Y.

Professor Hoff desires his cure to be in the hands of every sufferer. It is humanity's medicine. The prescription is compounded in accordance with Prof. Hoff's directions and sent out by the American Bureau at Third Avenue and 10th Street, New York, at \$1.00 per bottle. For greater convenience the remedy may be had at the same price from the well and famously known firm mentioned below.

The triangular trade mark of the American Bureau of Professor Hoff's Cure must be on the label, and this is the guarantee to the purchaser that it is the exact prescription used by Prof. Hoff at Vienna.

A 64-page book, containing complete descriptive treatise on the Prof. Hoff Cure, and accurate reports of several hundred cases, is mailed free on application or may be obtained by calling at these well known druggists.

IMPORTANT.—Other Hoff cures not bearing this triangular trade mark are not the authentic preparation authorized by the American Bureau. You can obtain the genuine Hoff Cure at most drug stores. The great body of honorable druggists do not stop to substitution by selling something just as good! That means more profit to them. The genuine Hoff cure can always be procured by the well-known druggists.

# The Happiest Home Is Your Own Home

It is impossible to feel perfectly at home in the house of another. The only perfect "home feeling" comes to those who own the place where they live.

We'll help to give you the real home feeling. The plan is simple. The cost reasonable. We'll arrange it to your liking. You needn't put much in at a time, but just a convenient bit each day will surprise and delight you with its increasing capacity.

Why pay rent when you can't afford it? No man can afford to pay rent, but every man can afford to apply his rent money on the purchase of a home.

Real estate is looking up. It's well to heed the signs of the times and buy now. A wise investment will yield a nice profit if prices continue to advance, or would be a safe place for your savings even if prices should stay where they are.

#### Seventy-Second Birthday.

J. C. Allison was pleasantly reminded last evening by a large number of his friends that he had passed yesterday the seventy-second milestone of his life. It was not in the least surprised by Mr. Allison that so many of his friends; in fact, any of them, were anticipating last evening the pleasure of making memorable the anniversary of his birth, until at 8 o'clock in the evening nearly all the guests had arrived and were enjoying the surprise party on Mr. Allison. The evening hours passed only too rapidly in social enjoyment and festivities of the event. Among the birthday remembrances received by the host, one of the most beautiful was a handsome gold-headed cane, presented by the session of the First Presbyterian church, of which Mr. Allison is a member. Prof. Rayman, with appropriate remarks, made the presentation in behalf of the session.

At a seasonable hour, luncheon was served with all enjoyed. A feature of the bounteous repast being the merriment which prevailed among the guests at the luncheon.

#### Pleasantly Surprised.

Mrs. Ted Hickey was pleasantly surprised last evening at her home on West Fourth street, when a large number of her friends became aware of the fact that it was Mrs. Hickey's birthday. There were 50 or more of Mrs. Hickey's friends who brought with them baskets filled with various delicacies for refreshments. They were determined to make the occasion happy and memorable, and their purpose was well carried out. From 8:30 until 12 o'clock the time was most enjoyably spent and Mrs. Hickey, though very much surprised, was the able hostess of the evening. Her friends and guests presented her with many useful and beautiful remembrances.

### A MAJORITY AT MEETING FAVOR DELEGATE PLAN

Continued from First Page.

being taken the proposition was lost. A motion was made by another East Liverpool man that since it had been determined to take some action upon the rules, they be taken up and acted upon section by section.

It was apparent that Chamberlin and his supporters were determined to force action on the rules, while the south end of the county was equally determined to delay action as long as possible in order that the strength of the two factions might be measured. After considerable discussion on both sides, Secretary C. C. Connell read the first section, which virtually includes the delegate idea. If this clause were passed favorably it would mean the adoption of the delegate system. This fact was realized and appreciated by the parties both for and against the proposition, who at once entered into arguments upon the merits of their respective positions.

When the reading of the section was finished a motion was promptly made for its adoption. After short arguments had been made by Attorney George E. Davidson, of East Liverpool, R. N. Chamberlin, of East Palestine, F. E. Grosshans, of East Liverpool, and L. T. Metzger, of Salem, Senator C. C. Connell moved an amendment to strike out the words "and district offices" from the section. Mr. Connell argued that it would be impossible to make a thorough selection of delegates to district conventions under the delegate plan proposed.

Columbiana county is included in a judicial district for the selection of a circuit judge, another district for common pleas judge, the make-up of a congressional district including still other counties, while the senatorial district differs from all. For this reason and to be fair with our own candidates for district offices he thought it no more than right that the amendment be made.

Before the amendment could be acted upon, W. L. Smith, of East Liverpool, interrupted the proceedings by asking Senator Connell whether or not a bill was now pending in the legislature providing for the conduct of party primaries in the state. The senator replied that Gov. Herrick in his message had recommended such a law and that he (Senator Connell) was in a position to know that such a bill was now being prepared. He had no doubt but a law of this character would be passed at the present session of the legislature.

Mr. Chamberlin secured the floor and stated that the committee had been called together on this occasion for the purpose of adopting some plan under which the coming primaries might be conducted. There was no time for delay. The legislature could not possibly take action in time to make the law apply to the spring primaries. He said the entire county committee would favor a bill such as the governor recommended, and to prove his assertion, read the following resolution, which he said, he would present for adoption before the adjournment of the meeting:

"Resolved, That the Republican party central committee of Columbiana county, O., in session at Lisbon, January 30, 1904, heartily recommends and endorses the action of Gov. Myron T. Herrick for the passage of a compulsory bi-partisan primary election law, and respectfully and urgently urges that our district and county representatives in the general assembly use their utmost efforts to secure the speedy passage of such proposed law."

A motion was passed to the effect that action on the rules be made a special order of business at 1 o'clock. Adjournment was then taken until 12:30.

When the afternoon session convened it was apparent to everyone interested that the parties opposing the delegate system would be defeated. The opposition favoring the delegate plan was said to have a strength of 99 votes, while the south end of the county and the supporters they could muster in a scattered way, amounted to a few over 60.

ties was greatly in excess of the special benefits conferred upon said property; that the entire city of East Liverpool was benefited to a much greater extent than the property of plaintiff and the property of those for whom he sues in this case; that his property received no special benefit from the construction of said work. Said assessment was not made according to benefits, but arbitrarily and without basis.

That said city did not take the steps necessary to give them the right to exercise the authority of making said assessment.

Plaintiff further says that within five years next preceding the making of said assessment, the city improved said Pennsylvania avenue and assessed part of the cost thereof upon plaintiff's lot, which assessment amounted to 25 per cent of the value of said real estate as assessed for taxation.

Plaintiff further says that his lot does not abut on and is not adjacent or contiguous to said improvement and is not benefited thereby; that there are many lots and tracts of land contiguous to said improvement and benefited by it that have not been assessed for making the said improvement.

Plaintiff says that the said assessment made against his property and the property of those in whose behalf he brings this action is null and void and is illegal and not binding upon the property of plaintiffs or upon the property of any of the persons for whose benefit he brings this action. The plaintiff says that said assessment so attempted to be made is a cloud upon his title and upon the title of the persons in whose behalf he sues, to their respective property, and that unless the defendant is restrained by order of this court it will proceed to certify said assessments to the auditor of said county to be placed upon

# The Happiest Home Is Your Own Home

It is impossible to feel perfectly at home in the house of another. The only perfect "home feeling" comes to those who own the place where they live.

We'll help to give you the real home feeling. The plan is simple. The cost reasonable. We'll arrange it to your liking. You needn't put much in at a time, but just a convenient bit each day will surprise and delight you with its increasing capacity.

Why pay rent when you can't afford it? No man can afford to pay rent, but every man can afford to apply his rent money on the purchase of a home.

Real estate is looking up. Its well to heed the signs of the times and buy now. A wise investment will yield a nice profit if prices continue to advance, or would be a safe place for your savings even if prices should stay where they are.

See what we offer you:

ties was greatly in excess of the special benefits conferred upon said plaintiff; that the entire city of East Liverpool was benefited to a much greater extent than the property of plaintiff and the property of those for whom he sues in this case; that his property received no special benefit from the construction of said work. Said assessment was not made according to benefits, but arbitrarily and without basis.

That said city did not take the steps necessary to give them the right to exercise the authority of making said assessment.

Plaintiff further says that within five years next preceding the making of said assessment, the city improved said Pennsylvania avenue and assessed part of the cost thereof upon plaintiff's lot, which assessment amounted to 25 per cent of the value of said property as assessed for taxation.

Plaintiff further says that his lot does not abut on and is not adjacent or contiguous to said improvement and is not benefited thereby; that there are many lots and tracts of land contiguous to said improvement and benefited by it that have not been assessed for making the said improvement.

Plaintiff says that the said assessment made against his property and the property of those in whose behalf he brings this action is null and void and is illegal and not binding upon the property of plaintiff or upon the property of any of the persons for whose benefit he brings this action. The plaintiff says that said assessment so attempted to be made is a cloud upon his title and upon the title of the persons in whose behalf he sues, to their respective property, and that unless the defendant is restrained by order of this court it will proceed to certify said assessments to the auditor of said county to be placed upon

the tax duplicate and charged against plaintiffs' property for collection and will proceed to collect the same.

Wherefore, plaintiff prays that said assessments against his said real estate of those in whose behalf he sues, be declared null and void and the defendant enjoined from collecting the same or any part thereof and from certifying the same to the auditor of said county to be placed upon the duplicate, and for all proper relief.
